

Business Broadband

Business grade reliability on Australia's biggest network.

Speed

Speeds as fast as your line can go.

Business broadband offers the fastest speed that your phone line and exchange is capable of - either 8Mbps (ADSL) or 20Mbps (ADSL2+).

SLAs

SLA with a 99.3% uptime guarantee.

If the internet is mission critical to your business then you need to know it's reliable. So we make a commitment to you by providing Service Level Agreements and Uptime Guarantee. And if we don't achieve it, we compensate you.

Address

Static IP address to host mail & web servers.

If your business needs to have a permanent address on the internet then you'll need a static IP address. Then you can host your own mail with exchange, host a website and filter your own traffic from it, and get remote VPN access.

Why choose us?

One Bill.

We're a full service telecommunications provider meaning we can provide all your communications on one single bill. So that's one simple payment per month and one company to deal with. Just makes life simple.

Direct Contact.

When you're with us you'll have our direct contact details so if you've got a question you know who to come to. It's the kind of personal service the big telcos just can't offer. Their loss, your gain.

Choice of Networks.

We know reliability is crucial, it's just got to work. So we only partner with the tier 1 networks so you get the service you're paying for, in more places. And better still, we can offer the network that suits you, not us.

A Communications Partner.

We believe in being a partner to our clients, the success of your business is our business. We don't make the sale and run, we're here to stay, and we're here to do whatever we need to keep you happy.

Things you should know:

1. Business Broadband Minimum commitment - \$779.34 (2GB), \$899.46 (5GB), \$959.39 (15GB), \$1199.36 (25GB), \$1439.34 (50GB) 2. Early Termination Fee applies and is equal to minimum monthly spend x months remaining in contract. 3. Not available to all customers in all areas. "Fast" broadband will deliver speeds of up to 1500Kbps at selected exchanges where ADSL1 is available. "Fastest" broadband will deliver speeds of up to 20Mbps at selected exchanges where ADSL2+ is available and up to 8Mbps/384kbps in all remaining ADSL-enabled exchanges. Business broadband will deliver speeds of up to 20Mbps at selected exchanges where ADSL2+ is available and up to 8Mbps/384kbps in all remaining ADSL-enabled exchanges. 4. 20Mbps plans not available to all members or in all areas. Speeds are theoretical maximum speeds based on Telstra tests. Actual speeds may be less due to a number of factors including network configuration, line quality & length, exchange type, customer premises interference, traffic and hardware and software. About 70% of members on the 8Mbps plan can access speeds around 6Mbps or more. About 50% of members on the 20Mbps plan can access speeds around 10Mbps or more. Some existing members may need to purchase a new modem to achieve speeds in excess of 8Mbps. 5. Once you have reached your usage allowance, the speed of your service will slow to 256kbps. 6. Usage means monthly download data transfer. 1 Gigabyte = 1000 Megabytes. 7. Excess data used will be charged at \$5.50 per GB in 1 Megabyte Increments. 8. Static IP address guaranteed provided with service as well as included free dial up hours 9. Network Uptime guarantee of 99.3%. Rebate calculated as 1 day of service access fee credited for each hour of Network downtime over and above the guaranteed level. Network downtime does not include faults in the underlying telephony service from the exchange to the customer premises or any faults in the customers own network. Rebate must be claimed using our Standard Rebate Application Form within 3 months. Rebate will be applied as a credit against your bill. 10. Acceptable Usage Policy Applies.
