Double your Cap Value with FleetCalls

Talk&Text

**Up to \$650 of Talk&Text value to chat to anyone.**  
We like to keep things simple so we give you a generous cap value that covers all the stuff you do everyday - talking, texting and picking up your voicemail.

FleetCalls

**Up to \$650 of Fleet value to chat your team.**  
TeamTalk doubles your standard value and allows you to chat to anyone who is part of your team, or ours. Anyone who has an account with us qualifies - colleagues, suppliers, or even your family.

TandemValue

**Use up both lots of value at the same time.**  
Unlike our competitors we don't expect you to use up your standard value first before you can enjoy your fleet value. You can use Talk&Text value and FleetCalls value at the same time.

LatestMobiles

**Get the latest mobile as part of your plan.**  
We can offer generous handset subsidies so you can either get a free phone as part of your plan or just pay a small monthly payment to make up the difference. Just contact us for the range.

# Why choose us?

### One Bill.

We're a full service telecommunications provider meaning we can provide all your communications on one single bill. So that's one simple payment per month and one company to deal with. Just makes life simple.

### Direct Contact.

When you're with us you'll have our direct contact details so if you've got a question you know who to come to. It's the kind of personal service the big telcos just can't offer. Their loss, your gain.

### Choice of Networks.

We know reliability is crucial, it's just got to work. So we only partner with the tier 1 networks so you get the service you're paying for, in more places. And better still, we can offer the network that suits you, not us.

### A Communications Partner.

We believe in being a partner to our clients, the success of your business is our business. We don't make the sale and run, we're here to stay, and we're here to do whatever we need to keep you happy.

When overseas, International Roaming usage charges apply for voice and data services (for charges refer to www.optus.com.au/International). Some data cards are incompatible with networks in some countries. Please refer to list of countries supported on www.optus.com.au/international 10. The Optus mobile network is not available everywhere. To check coverage visit www.optus.com.au/coverage. 11. Optus Coverage Disclaimer: You will require a dual band 2100/900MHz compatible device to access the Optus dual band network. Please note that not all products and services are available in all locations of the coverage area. To confirm coverage availability, you can contact our Customer Service team. When within a dual band network area, your call or data session may also access the GSM/GPRS network if your handset supports GSM/GPRS 900Mhz. As with any network, based radio technology, handset quality or local conditions may prevent or interfere with mobile reception within coverage areas – e.g. inside concrete buildings, lift wells, basements tunnels, road cuttings. High rise buildings may also suffer degradation of service.
