

ISDN

Digital phone lines for businesses with a PABX phone system.

Direct Dial

100 Numbers so everyone can be called direct.

ISDN enables you to have a range of 100 numbers so even if you have more staff than phone lines, every person gets their own number, so everyone can be contacted directly.

PABX

Compatible with a wide range of PABX.

ISDN is the industry standard for providing phone lines for digital PABX phone system which gives you total control over how you handle your calls. It's a rock solid reliable technology.

Scaleable

Add capacity as your business expands.

ISDN comes in two main types: ISDN2 which enables you to grow two lines at a time and ISDN10/20/30 which means you add ten lines at a time. Bottom line, it can scale as big as you need it to.

Why choose us?

One Bill.

We're a full service telecommunications provider meaning we can provide all your communications on one single bill. So that's one simple payment per month and one company to deal with. Just makes life simple.

Direct Contact.

When you're with us you'll have our direct contact details so if you've got a question you know who to come to. It's the kind of personal service the big telcos just can't offer. Their loss, your gain.

Choice of Networks.

We know reliability is crucial, it's just got to work. So we only partner with the tier 1 networks so you get the service you're paying for, in more places. And better still, we can offer the network that suits you, not us.

A Communications Partner.

We believe in being a partner to our clients, the success of your business is our business. We don't make the sale and run, we're here to stay, and we're here to do whatever we need to keep you happy.
